

Mission & Vision of Anandalok Ashram

Selfless love and service to mankind is the path of purification of the soul. Serving with the feeling in the heart that God Almighty dwells in all is worshipping God Himself in the truest sense of the term - so said Sri Gurudev. Sri Gurudev and Sri Guru Maa had lived an exemplary life of service and seva to all. Sri Gurudev had urged his disciples and devotees to make unconditional love and Selfless service the motto of life. It is through collective effort that such a noble mission can be accomplished!

Anandalok Ashram works according to the principles laid down by Sri Gurudev.

In the recent years, our organisation has tried to reach out to the needy in various ways - distribution of blankets to the underprivileged sections of the society especially in villages, walking sticks to the elderly people, setting up of blood donation camps, providing homeopathic treatment together with supply of medicines, free dental check up and treatment, distribution of books and stationery items to the socially disadvantaged school children, providing meals to villagers from time to time and supply of medicines etc during COVID 19 outbreak are to name a few.

This is not where our journey ends! We have miles to go - many many more lives to touch, bigger dreams to fulfill!

We are already working on our next big project which is constructing a charitable dispensary near the Ashram premises in Raipur, Birbhum. Fundraising activities are underway.

In the not-so-distant future, Anandalok Ashram aspires to shelter the homeless, provide free education to the poor children, build old-age home, hospital, school, guest house for visitors from abroad, cottages for hermits and so on.

Let us come forward and work hand-in-hand to bring this beautiful dream to fruition! Your generous contribution towards this noble cause can better the lives of many!

As the saying goes :

"Together we CAN

Together we WILL"
